Online Payment Processing

By enrolling in the JITAPS (just in time automatic payment submission) service your invoices and/or billing statements will be processed one day before they are due, please note that if you have a payment that is due in the next two business days enrollment in this service will **NOT** pay that invoice, if you need to submit a payment today [click here](#). Also note that if per chance you make a payment in PayClix against the bill or statement regardless of the amount paid the system will assume that you have paid all that you want for that bill/statement and the JITAPS service will **NOT** process the balance owed.

Please select the method of payment.
